

Prepare your Students for Immunization Day!

Do your students have questions about vaccines?

Do your students have needle fears?

Kids Boost Immunity is here to help you!

Kids Boost Immunity (KBI) is a FREE online platform for teachers to engage digital-age students.

Sign up at KidsBoostImmunity.com for free lessons and quizzes to help prepare your students for immunization day. Create constructive class dialogue by trying KBI with your students when consent forms go home.

New this year: Learn about the race to develop a COVID-19 vaccine!

Kids Helping Kids

KBI is a WHO accredited resource that inspires students to help others.

EVERYONE WINS!

TEACHERS WIN:

Teach students about the vaccines they get at school through a series of free lessons linked to science and social studies curriculum.

STUDENTS WIN:

Students were better able to cope with needle fears after taking the lesson, according to teacher feedback.

KIDS AROUND THE WORLD WIN:

KBI donates lifesaving vaccines to children in other countries through UNICEF.

Public Health
Agency of Canada

Agence de la santé
publique du Canada

BC Centre for Disease Control
An agency of the Provincial Health Services Authority

Kids Boost Immunity is a national education and advocacy initiative administered through the Public Health Association of British Columbia, with financial support from the BC Ministry of Health and the Public Health Agency of Canada. The program is coordinated through the British Columbia Centre for Disease Control.

Kids Boost Immunity relies on other funders and partners to help purchase UNICEF vaccines earned by students.
