

Helping students be less anxious about vaccines

Do your students have questions about vaccines?

Are your students anxious about getting vaccinated?

We have a lesson to help students!

***New this year!* A health care provider (HCP) will come and teach the lesson.**

Kids Helping Kids

By doing the lesson and passing the quiz, students earn vaccines for children in other countries.

Questions?
Email us at champ@kidsboostimmunity.com

The **How to Handle Your Shots Like a Champ** lesson helps students learn accurate information about vaccines and strategies to make vaccination day easier.

To Participate:

- Sign up at kidsboostimmunity.com.
- Create a team for your students to join.
- Select “CHAMP” as your team’s grade.
- Complete lesson ideally within the week leading up to the clinic day (arranged between you and the HCP).

By taking the lesson, students:

- ✓ Learn about vaccines, including the HPV vaccine.
- ✓ Learn strategies to cope with anxiety around vaccination day and needle fears.
- ✓ Earn vaccines for kids in other countries through a partnership with UNICEF Canada.

Help us evaluate this lesson!

Complete a short survey after vaccination day and receive a **\$100 gift card for your classroom**. Space is limited. Email us at champ@kidsboostimmunity.com to find out more.

Kids Boost Immunity is a national education and advocacy initiative administered through the Public Health Association of British Columbia, with financial support from the BC Ministry of Health and the Public Health Agency of Canada. The program is coordinated through the British Columbia Centre for Disease Control.

Kids Boost Immunity relies on other funders and partners to help purchase UNICEF vaccines earned by students.
