WHY USE KBI IN YOUR CLASSROOM?

- Curriculum content and concepts in English and French
- Lessons include support resources
- Developed and reviewed by specialists
- Collaborative and individual work
- Effective - lifesaving vaccines like polio, tetanus and measles distributed through UNICEF - more than 70,000 each year

Public Health
Agency of Canada

Agence de la santé
publique du Canada

Public Health
Association of BC

KBI's IMPACT IN THE CLASSROOM

- Meaningful activism and real world connections
- Group goals and competition
- Access to unique learning experiences (Q&A with federal ministers, the UN, and other experts)
- Ensuring my students have access to high quality and current information to help fuel discussions, learning, and combat misinformation
- Accessible material for all levels (learning supports with audio files, vocabulary builders)
- Formatted to engage students with interactive activities and challenging quizzes

Around 700
lessons to
engage your
students!

Engaging and Meaningful Learning Experiences

By dovetailing learning with activism, students are shown the value of their learning, the impact they can have as young people, and the interconnectedness of the global community. KBI shows students that regardless of age or financial resources available, we can all have a real and positive impact on the world!

HERE ARE A FEW EXAMPLES OF KBI'S LEARNING MODULE TOPICS

- Critical Thinking and Evaluating Information/Misinformation
- Environment & Climate Change
- Diversity of Living Things
- The Immune System
- Women Leaders in STEM
- Canada's Levels of Government
- Indigenous History in Canada
Pre-Contact to Impact of the Indian Act
