Create a team/class for students to join so they can access the How To Handle Your Shots Like A Champ lesson and quizzes
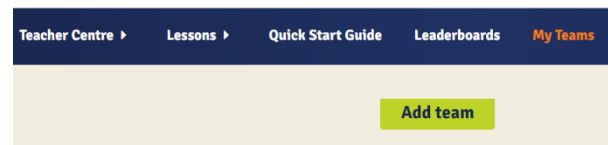

1. Go to www.kidsboostimmunity.com and click on **LOGIN** on the top right corner.

2. Go to My Teams on the menu as shown.

3. Click on **Add team**

4. Follow the simple instructions on the site to make a team/class. A few steps are optional.

NOTE - The most important step is creating a **'team registration code'**.
This is a combination of YOUR last name and a phrase. **This is the code students will use to join the team.**
YOU DO NOT NEED TO ENTER YOUR LAST NAME as it is automatically generated – just enter a phrase.
In the example below the teacher's last name is **Miller**.
The phrase they have used is **champ**.
Thus, the team registration code is **miller-champ.**

This teacher will share the code **miller-champ** with all of the students who need to join this specific team/class.

Team registration code *
- Students will require a "Team Registration Code" when registering for KBI.
- The registration code determines the team a student will join.
- Avoid common words or phrases (e.g. science1). Common phrases will increase the likelihood that a student will end up on the wrong team.
- The registration pass phrase must be at least 5 characters long.

This team's registration code is your last name + your unique phrase. | Enter your unique phrase | champ

THIS TEAM'S REGISTRATION CODE IS BELOW:
miller-champ

For Grade choose **Champ**
