KIDS BOOST IMMUNITY

Free, Online educational program

FREE EDUCATIONAL PROGRAM FOR TEACHERS

KBI is an online inquiry based program made by educators to deliver curricular materials in a highly engaging way for students.

600+ LESSONS

This program has over 600 lessons developed for grades 4-12. These lessons relate directly to curriculum topics in Language, Social Studies, Geography, History, and Health. Lessons are available in French and English.

GLOBAL CITIZENSHIP

Through using this program, your students can learn about Global Citizenship by helping provide vaccines to other countries.

MULTI-USE PROGRAM

This program can be used in a variety of ways. It can be used to enhance your lessons, for early finishers, to review topics, introduce topics or use in small groups. The possibilities are endless..

**Thank you for acting
locally to help immunize
globally.**
